STATUS: Open to the public, limited only by the net conference and audio phone lines available.

PURPOSE: The committee provides advice and guidance to the Secretary, HHS; the Assistant Secretary for Health; and the Director, CDC, regarding the formative research, development, implementation and evaluation of evidence-based activities designed to prevent breast cancer (particularly among those at heightened risk) and promote the early detection and support of young women who develop the disease. The advice provided by the Committee will assist in ensuring scientific quality, timeliness, utility, and dissemination of credible appropriate messages and resource materials.

MATTERS FOR DISCUSSION: The agenda will include discussions on the current and emerging topics related to breast cancer in young women. These may include risk communication and health education, as well as approaches to increase awareness of clinicians/practitioners regarding topics such as breast cancer risk, breast health, symptoms,

diagnosis, and treatment of breast cancer in young women.
Discussions for formal recommendations will take place.

Agenda items are subject to change as priorities dictate.
